Miss Painter is leading woman of the Eastern Knickerbocker Stock Co.

### COLDS ARE OFTEN MOST SERIOUS STOP POSSIBLE COMPLICATIONS

The disregard of a Cold has often brought many a regret. The fact of sneezing, coughing, or a fever should be warning enough that your system needs immediate attention. Certainly Loss of Sleep is most serious. It is a warning given by Nature. It is man's duty to himself to assist by doing his part. Dr. King's New Discovery is based on a scientific analysis of Colds. ### CANDIDATE FOR SECRETARY OF STATE

G. B. LIKENS

TO THE VOTERS OF KENTUCKY—I am a candidate for Secretary of State, subject to the will of the Democratic party to be expressed in the primary election Aug. 7, 1915. My party loyalty, my availability as a candidate, my conduct as a private citizen and my record as a public official are respectfully submitted for investigation and consideration. For more than three years I have served you as Assistant Auditor, and while the office is not an elective one, the duties are important and exacting. These I have honestly endeavored to discharge properly and efficiently. My experience, I feel, has especially equipped me to fill the office to which I now aspire. If nominated and elected as your Secretary of State, all the energy and ability which I have shall be earnestly devoted to the business of that department. No duty will be too arduous for me to perform faithfully, and none will be considered too trivial to receive careful and prompt attention. Feeling very grateful for the assurances of support already received, and soliciting the votes and influence of all, I am,

Sincerely yours,

G. B. LIKENS.

How the Farmer  
Can Get \$100,000  
Worth of Good  
Roads For \$20,000

By voting a Bond Issue of \$100,000, you will get \$5,000 actually given you absolutely free by the State, thus providing means for the Piked Roads in this County.

Of all the taxes assessed and collected in this County, the towns and the Corporations doing business in the County pay 60 per cent, which will be equivalent to \$30,000 of the \$50,000 which Rockcastle would pay on a \$100,000 bond issue.

State paying the other \$50,000, leaving \$20,000 to be paid by the farmer of the county, who are the ones to be profited most by good roads. These are the facts and figures you cannot get around.

There are many reasons why the farmer should vote and work for the bond issue. Here are a few of them:

1. Because he uses the roads more than any one else.
2. Because they cost him less than any one else to have them constructed for him.
3. Because he can get his produce to market at any time during the year he chooses.

4. Because Roads will add to the comforts and conveniences of Farm Life—makes it possible to have your Schools running during the winter season, when there is no work on the farm for your boys and girls.

5. Because those who are not actually engaged in farming are by this issue offering to build, for the Farmers use and convenience, Four Miles of Good Roads for him for each One Mile, he will construct.

6. Because the great number of advantages to be derived from good roads.

7. Because it would not be a Business Proposition to turn down

the opportunity of a life-time to do something for yourself, your children, and your children's children.

8. Because you are entitled to Good Roads, for you are the producers of all wealth, and should be provided means of marketing your produce when it best suits your convenience.

9. Because this Bond Issue would enable us to construct a good road from the Madison County border to the Pulaski border and from the Lincoln line to the Laurel line. Other locality and neighborhood connecting pikes would follow, thus giving, at no distant date, a splendid county system of turnpikes.

10. Because in time it would automatically eliminate Militia work on the Highway.

11. Because this \$100,000 to pay for the construction of Good Roads will nearly all be spent right here in the County. Every laboring man who wants to work, and every man who owns a team can get work at good wages during the time required to construct these roads.

12. Because \$100,000 spent in this county during the next two years our roads, would mean prosperous times for every one, the farmer, the merchant, and the man who is dependent on his day's work for a living.

### IT REALLY DOES RELIEVE RHEUMATISM

Everybody who is afflicted with Rheumatism in any form should by all means keep a bottle of Sloan's Liniment on hand. The minute you feel pain or soreness in a joint or muscle, bathe it with Sloan's Liniment. Do not rub in. Sloan's penetrates almost immediately right to the seat of pain, relieving the hot, tender, swollen feeling and making the part easy and comfortable. Get a bottle of Sloan's Liniment for 25 cents at any druggist and have it in the house—against Colds, Sore and Swollen Joints, Lumbago, Sciatica and like ailments. Your money back if not satisfied, but it does give almost instant relief. Buy a bottle to-day.

THE trail over which Daniel Boone came into Kentucky is still a trail—that is, as far as the Lincoln county line and "a little to the rise." The trail ends at Crab Orchard. From there to the Bluegrass and on to Louisville there is a turnpike. It is something like a hundred and fifty years since Daniel made his way thru Cumberland Gap. It is all that time the transportation facilities, so far as roads go, of the people living in what are now the counties of Bell, Whitley, Knox, Laurel and Rockcastle, thru which the Boone trail runs for a distance of ninety-eight miles, have shown no sign of betterment. Now all that is to be changed and overnight, as it were.

Saturday, by a vote of ten to one, the men of Bell county voted a \$250,000 bond issue for the building of a county seat and county-wide system of roads with State aid and under State supervision. Road bond elections are to be held in Whitley, Knox, Laurel and Rockcastle within the next few weeks. In every one of these counties the lead of Bell will be followed. Lincoln county has been granted State aid to extend the turnpike from Crab Orchard to the Lincoln Rockcastle line. The first road to be built will be the Boone Highway, (and cross county lines designated). Work will begin in the spring and push thru to completion. The road when built, will be not only a county seat to county seat road, but road from State line to State line, with Louisville at one end and Middlesboro at the other. More than that, the five counties at the southeastern end of it will then begin work on a network of roads linking their every road with the Boone Highway.

A few months ago the prediction was ventured with reservations that Kentucky, in fifteen years, would lift herself out of the mud of bad roads. At the rate of progress the good roads movement is now making, Kentucky will have the best system of roads to be found in any State in the South before ten years have passed—and this whether Federal aid is granted or not. Where there are ten counties to vote bond issues this year, there'll be twenty next. And bond issues mean good roads then and there.—Louisville Times.

M. O. Winfrey, Superintendent Middlesboro schools has a copy righted picture of "good" and "bad" roads, which was used in the Bell county campaign with good effect. We expect to have this picture to run in our Rock castle campaign.

## JAMES D. BLACK IS CANDIDATE FOR LIEUTENANT GOVERNORSHIP

James D. Black, of Barbourville, Knox County, has issued the following statement announcing his candidacy for the Democratic nomination for Lieutenant Governor in the Primary Election, August 7, 1915.

Democrats of Kentucky: Recognizing, in the fullest sense, your right to choose at the Primary Election to be held in August, 1915, those whom you prefer to be the candidates of the party to be voted for at the general election in next November, I am a candidate, subject to your will to be expressed at said Primary Election, for the nomination for Lieutenant Governor on the Democratic ticket. I am induced, in a measure, to make this announcement by a desire to add to the welfare of the people of the State by electing a Lieutenant Governor, and also in measure by suggestions of a few individuals whose personal and political friendship is real and in whose judgment I have and ought to have confidence. My past fealty to the Democratic party may be accepted by you, I confidently trust, as a sufficient guarantee that I shall, whether nominated or not, give to the ticket you may name and the principles for which our party stands, very faithful support. For this cause has been my habit at all times since reaching legal age. I nominated and elected Lieutenant Governor, I promise you and the people of Kentucky to bring to the discharge of the duties of the office the very best service of which I may be capable. Whether or not I am equipped to properly discharge those duties, it is not for me to say. I submit that to your judgment and decision. I believe in a just and wise economy in public as well as in private business, and cordially agree that one should be entrusted with responsible office who is not only willing to sacrifice his whole time to the public whose interests he asks to be commanded to serve, to relieve those on whom the Constitution places the duty and responsibility of legislation for the people of the State ought to industriously employ the time the General Assembly may be in session, to needed legislation, complete that as quickly as a proper regard for the best interests of the State will permit, and then adjourn, diligently avoiding every unnecessary expense to the money of the community, or charged with the administration of public affairs, ought to act in relation to such, according to that high standard which the most prudent, careful, just and intelligent exercise in the conduct of their private business. If elected Lieutenant Governor, that standard shall be my guide in the labor the law assigns to me. In submitting my candidacy, I invite the scrutiny of the people of Kentucky to my fitness for the preferment thus sought.

Very respectfully, JAMES D. BLACK.

Barbourville, Ky., December 28, 1914.

A FEW misguided individuals, we wont say misinformed, because they really know better, are trying to make it appear that our good roads man Maret is receiving or will receive compensation for his work, in this movement for better conditions and that his motives are for personal gain. Mr. Maret asks us to state, for him, that his books, as secretary for the Commercial Club and Boone Way Booster Band, are open for inspection. The name of every contributor of sums amounting to 10 cents up appears in the cash accounts and the distribution of said fund in postage, printing, etc., is shown.

Mr. Maret gets no salary for his work. His efforts are purely for the upbuilding and furthering the interests of Rockcastle county, and there will be a day, not far in the future, when our people will know and appreciate the efforts of this man to do and accomplish much for his adopted county. Mr. Maret hopes to live long enough to see some of the many benefits that will accrue to our county from the efforts he has put forth for the improvement and general welfare of our people, in his fight for good roads.

The actual proportion that the farmers will be required to put of the \$100,000 bond issue, for good roads, after the railroads, corporations and towns, are lined up for their part, is \$20,000, on which will of course, accrue some interest, but for this \$20,000 the farmers get \$100,000 worth of good roads, and what is the outcome in advantages to everyone? It is incalculable. The Good Roads people of our county with the farmers are right up to the point of a canvas from house to house by farmers who understand the situation and can explain it to his neighbor and others. We road people don't want anything told but the Truth. Tell the situation, quickly; tell the truth. Explain all the points, then the good roads people will have no fear as to the outcome.

A. R. BURNAM, Jr.  
Referee in Bankruptcy.

Gas in the stomach or bowels is a disagreeable symptom of a torpid fever. To get rid of it quickly take HERBINE. It is a marvelous liver stimulant and bowel purifier. Price 50c. Sold by John Robbins, Brodhead, Ky.

POST yourself on the Bond Issue question. Don't misrepresent for or against. Tell the TRUTH and there will be no fear of the outcome.

## "LINCOLN WAY" PLANS BOOMING

HARDIN AND LARUE COUNTIES HAVE UNITED TO DO THEIR PART IN THE WORK.

### LITTLE WORK NOW NEEDED

Both Counties Apply For State Aid—Provides Automobile Road From Louisville to Nashville.

Western Newspaper Union News Service  
Elizabethtown, Ky.—The Lincoln Way from Louisville to the Lincoln farm via West Point, Elizabethtown and Hodgenville, will be built by Hardin and Larue counties this year, as both counties have made applications for state aid and made individual appropriations for the work. Larue county has made an appropriation to build the unfinished gap of about three miles between this city and Hodgenville and to build a macadam road to the Lincoln farm itself. The Lincoln and Jackson Way from Louisville to Nashville probably will be built this year, if the lower counties will make appropriations for this purpose. Some have already taken action. Hardin and Hart counties have already made appropriations and application for state aid to reconstruct the highway from West Point to Munfordville. By the close of the year there should be a first-class macadam road from Louisville to the Tennessee line, from which there is a comparatively good macadam road. As the South has a number of macadam roads, an automobile route will then be assured to Chattanooga, Atlanta and other cities in the Southern States.

### \$25,000 ROAD BOND ISSUE

Vote in Bell County, With Few Precincts Out, 3,178 For: 87 Against.

Middlesboro, Ky.—Sixteen precincts in Bell county gave 3,178 for and 87 against the \$25,000 road bond issue. Middlesboro gave 1,056 for the bond issue and only 6 against, which is a compliment to State Senator Joe F. Bosworth by his home town. The other precincts not heard from will increase the majority for the issuing of road bonds for Bell county and the building of her part of Boone Way. Work will start upon these roads in the early spring and will be completed before the end of the year.

### \$100,000 ROAD BOND ISSUE

Sentiment Against It in Oldham Appears Negligible.

Lagrange, Ky.—A circular letter, signed by Judge S. E. DeHaven, Justices Robert Malloy, George P. Dick, James C. Wade and George E. Johnson, was recently sent to hundreds of Oldham county voters, with the object of ascertaining their views on the proposition to issue \$100,000 in bonds for road-building purposes. So far only four of the many replies received have opposed the plan. The East End Farmers' Club went on record as favoring the movement provided the expenditure of the money is properly guarded and spent so as to benefit equally all parts of the county.

### BUSINESS MEN RAISE FUNDS

To Complete Model Highway To Lincoln Farm—State Will Give Aid.

Hodgenville, Ky.—At a special meeting of the Hodgenville Business Men's club the citizens and farmers guaranteed \$800 for building of the road from Hodgenville to Lincoln farm, which is the amount the county will be asked to duplicate. This with the state aid will reach \$3,200. A committee is soliciting subscriptions to build the two miles between Hodgenville and Ellizabethtown which will require not more than \$2,000, connecting the Lincoln farm with the Jackson Way via Elizabethtown.

### BOYLE WILL ASK STATE AID.

Danville, Ky.—At a meeting of the fiscal court here it was decided to accept state aid for the reconstruction of the turnpike of the county. The pro rata allowed by law for Boyle county is \$12,000. The fiscal court appropriated \$12,000 for reconstruction work and will ask for a similar amount from the state. As the road mileage in Boyle is small on account of the limited area of the county, it is believed all roads can be converted into boulevards in the course of a few years. The first road to be reconstructed will be the Stanford and Harrodsburg turnpike, which is a portion of the proposed Boone Way from Cumberland Gap to Louisville. The fiscal court also set aside \$15,000 to be used for the repair of the pikes.

### JANITOR HELD FOR MURDER.

Pikeville, Ky.—John Hall, negro janitor of the Pikeville National bank building, was followed into the hills and arrested by a posse of citizens and officers after he shot and killed Milton Butler, brother of John E. Butler, prominent lawyer and former circuit court judge. The killing took place at Butler's home. The negro is said to have been angry because Butler pitched his horse to a fence surrounding his (Hall's) house.

### STOP THAT COUGH—NOW

When you catch cold or begin to cough, the first thing to do is to take Dr. Bell's Pine-Tar-Honey. It penetrates the linings of the Throat and Lungs and fights the germs of the disease, giving quick relief and natural healing. "Our whole family depend on Pine-Tar-Honey for coughs and colds," writes Mr. E. Williams, Hamilton Ohio. It always helps. 25c. at your Druggist.

## Reduction in Living Costs Made Possible by Perfect Product

The sudden and highly alarming increase in cost of food necessities such as sugar and flour, demand increased domestic economy. For incomes have not advanced with this war-time soaring of food prices.

Waste of food as well as cost of food must be considered and minimized in these days of exorbitant prices.

Fortunately, the greatest food waste with which the housewife has to contend—bake-day failures and the waste of costly baking materials—is rendered preventable by the perfect leavening power of Calumet Baking Powder.

Calumet is an absolutely sure powder of absolute purity. It never fails to produce fully raised baken that are tender and temptingly delicious. For its wonderful leavening strength never varies. It's always uniform—always unexcelled.

Calumet costs a mere trifle more than cheap Big Can brands, but it is decidedly more economical to use. For big bulk powders of inferior quality are never dependable—never certain. Consequently failure as frequently as success follows their use. So remember when tempted to save by securing greater baking powder bulk that you sacrifice quality and invite bake-day failures that usually cost many times the price of the Baking Powder.

Many Trust Brand Baking Powders sell at a higher price than Calumet. But none possess the high quality of this excellent leavening—as is conclusively proven by the fact that Calumet received highest awards World's Pure Food Exposition, Chicago; Paris Exposition, France, March, 1912.

To pay more than is asked for Calumet simply means a useless waste of money. To pay less, and obtain an inferior powder, means the useless waste of Baking Materials.

Order a can of Calumet, Save a substantial sum on the price asked for Trust Brands when you buy it. Save the flour, sugar, butter and eggs so often wasted by Big Can Powders—when you use it. You are safe in ordering Calumet, in trying it, in testing the truth of these claims, for if you are not thoroughly satisfied the purchase price will be refunded by your local dealer.

In buying a can of Calumet send the slip found in the one pound can to the Calumet Baking Powder Co., Advertising Department, Chicago, Ill., and you will receive one of their handsome 72 page Cook Books, illustrations in colors, and a book that will be a guide to economy in the kitchen.

### \$100 REWARD, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting it in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

OUT OF THE MUD.

By Homer B. Wade.

Chairman Good Roads Committee, National Farmers' Union.

Our time is too valuable to waste in traveling over bad roads.

Until we have good roads we will not have better markets.

The cost of good roads is less than the tax of bad ones.

Out of the mud hole and onto the pike should be your slogan.

Fortune lies on an improved highway, misfortune on a poor one.

The growth of any community is dependent upon good roads.

Happiness, contentment and prosperity don't go with bad roads.

Even heathen countries realize the value of good highways.

Mud holes are civilization's greatest parasites. Abolish them.

Dr. S. C. Davis, aged about 70

years and one of the county's best

known citizens and physicians

died Tuesday night at his home on

Main street, after an illness last-

ing more than two years.

About two years ago the de-

ceased underwent an operation

from which he never recovered,

which together with the disease

of diabetes, the immediate cause

of his death, made all efforts of

relief of no avail. The deceased

is survived by two sons, Chas. C.

and W. T. Davis, one daughter,

Mrs. Oscar Wallin, and one broth-

er, County Supt. W. A. B. Davis.

The burial took place yesterday

afternoon at Elmwood cemetery

after short services at the grave

conducted by Rev. Young, of the

Christian church.

## Kentucky Ahead.

James Tipton, son of Mr. and Mrs. John M. Tipton, of Mt. Sterling, has established a world's record on a telegraph wire, handling 909 messages in nine hours, an average of 101 messages an hour, and in one hour handled 116 messages. The work was done at the Chicago office of the Western Union Telegraph Company, where Mr. Tipton is on a fast wire. Young Tipton has received congratulations from superintendents of every division of the company in the country. The world's champion telegraph operator was born and reared in Mt. Sterling, Montgomery County, Kentucky.

## Rockcastle Baptists.

Every Church in the Rockcastle Baptist Association should have at least one representative at the associational meeting of the Home, Foreign and State Mission interests at Livingston Thursday, February 25, 1915. Morning, afternoon and night.

Every pastor, S. S. Supt., the church officers and at least one active woman should come from each church and any others who are interested in the Lord's work.

A missionary from Mexico will be there and a number of strong speakers from this state, you will be the loser if you fail to come. No collections taken, it is for you and for the good of the Lord's cause.

Signed: A. J. PIKE, Moderator of Rockcastle Baptist Association.

J. W. HILTON, Chairman of the Executive Board.

D. EDGAR ALLEN, Association Representative of the Foreign Mission Board.

## Much Being Said In Favor of Bond Issue

Conway, Ky., Feb. 13, 1915.

Dear Editor:

I see much is being said in favor of the new Bond Issue and I hope that I may not be considered the least interested or the last one on the list to be aroused by delay in stating my views on the subject. Much has been said in favor of it and if I should try, I do not believe I could give a single good reason why I should be or any one should be against this issue.

Our future prosperity depends on our roads. How can we expect to advance without them. Is the question that confronts me. If we expect to hold our better class of people or to attract a better class of people to our county we surely must improve our roads, so that instead of having only six months of the year that we can travel we can as easily have twelve months.

I don't believe there is a single rural free delivery in the county, and this due to poor roads. Think what the parcel post and rural free deliveries would be to us and our advancement as a county.

Just as our smaller towns and communities are connected to the larger towns of the United States by the great telephone and telegraph systems, our county would thus be connected to the commerce of the whole country by good roads, rural free deliveries and the parcel post.

With poor roads people will not go to church and children cannot go to school, the result is illiteracy and immorality. If we wish to see wonderful developments made agriculturally, our farms producing twice as much, our hill sides and mountains abounding in many varieties of lucious fruits if we want our children better educated, if we want better churches and prosperity and happiness to all lets every man put a shoulder to the wheel and push Rockcastle out of the mud by voting for the bond issue.

I wish to congratulate the good people of Mt. Vernon, especially the members of the Commercial Club, for their untiring efforts for the advancement of our county and their determination to have better roads.

## WEATHER AIDS RUSSIAN ARMIES

Petrograd Experts Assert They  
Will Check Advance  
of Germans.

## NEW LINE IS "IMPERMEABLE"

Eighty Thousand of Czar's Troops  
Beaten and Routed in Great Battle  
of Delatyn, According to Vienna  
Statements.

By FRANCIS LAVELLE MURRAY, International News Service Correspondent.

Petrograd, Feb. 17.—Warmer weather has again come to the aid of the Russians, who have retired from East Prussia to the shelter of fortified positions on their own soil before the fierce attacks of the great army massed by General von Hindenburg, and as a result it is predicted by military observers here that the new Teutonic invasion of Russia will end in a complete collapse.

A thaw has set in on the northern areas and conditions similar to those which resulted in the defeat of the Germans on the Niemen a few months ago again prevail. The soil that had been frozen by the terrific cold of January has again turned to swamp, and the Germans will be unable to transport their artillery. It was their lack of guns that forced them to retreat from Suwalki and Augustow on their previous invasion.

Thick Russian Rear is Safe. The fear openly expressed in some quarters that the German advance northeast from Lyck and the Mazurian lakes region might strike at the rear of the Russians at Warsaw and compel the evacuation of that city and the fortress of Novo-Georgievsk is declared to be baseless by the war expert of the Bourse Gazette.

"The positions of the Russians along the Bohr and Narew rivers are impregnable," he says. "Supported by the fortresses of Ossowica, Lomza and Pultusk, the Russians can defy every attempt to cross the natural barriers formed by these streams."

Latest reports from the Carpathians show that hard fighting continues here, with the Austro-German forces trying to shatter the Russian front without any effect. The situation in Bucowina is declared by the war expert to be unchanged.

Big Teuton Victory at Delatyn.

By STEVEN BURNETT, International News Service Correspondent, Vienna, via Berlin and Amsterdam, Feb. 17.—Eighty thousand Russian troops were defeated in the battle of Delatyn on Saturday, and driven in rout through Nadworna and back to war Stanislau. It is officially reported in dispatches received at the war office.

The battle of Delatyn, which is eight miles southeast of Nadworna, is declared to have been the "greatest battle fought on the soil of Galicia and a battle that resulted in a complete triumph of the Austrian troops and their German allies."

Two entire Russian corps were overwhelmed by the Austro-German troops that advanced through Pantyr and Ablonica passes. In a night attack the allied troops destroyed wire entanglements about the Russian positions and opened their main attack at dawn on Saturday. The Russians were compelled to withdraw after a six hour fight.

The retreating Russians made a last stand at Hill 431, at the bottom of the northern slopes Nadworna is located. Attacking under the fire of the Russian artillery, the Austrian and German troops captured the hill and drove the Russians down the north slope into Nadworna.

Hand-to-hand fighting in the streets of Nadworna lasted for three hours. Meantime the Austro-German cavalry, firing the town, struck the column of troops leaving there for Stanislau and captured hundreds. They cut off the retreat of the Russian soldiers still in the town and all were forced to surrender.

The Austrians claim to have taken 1,000 prisoners, and they counted more than 2,000 dead along the road from Delatyn to Nadworna. They leave that in the day's fighting the Russians lost more than 13,000 men.

## BOMB KILLS BULGAR NOBLES

Two Dead and Ten Hurt by Explosion at a Mask Ball in Sofia.

London, Feb. 17.—Two members of the Bulgarian aristocracy are reported to have been killed and ten others injured when a bomb was exploded at a mask ball in Sofia. This information was received in a radiogram from Berlin, the German and Bulgarian capitals being in close communication at present. One of the victims is reported to have been a former Bulgarian minister of war; another a daughter of the present Bulgarian minister of war. Political spies are suspected of committing the outrage.

## NO COMPROMISE ON FOODSTUFFS 'SAYS ENGLAND

Germany's Proposal Is Rejected  
In Its Entirety by the  
British Cabinet.

## BLOCKADE ORDER EXPECTED

Government Organ Declares Time for  
Bargaining Passed—United States  
Likely to Oppose Rule Making  
Food Absolute Contraband.

By HERBERT TEMPLE, International News Service Correspondent, London, Feb. 17.—Germany's proposal that England abandon her embargo upon foodstuffs consigned to German civilians in return for Germany calling off her submarine campaign against English merchant shipping was presented to the cabinet at an extraordinary session by Foreign Secretary Grey. According to reliable reports the German proposal was rejected in its entirety.

At the conclusion of the cabinet meeting it was announced that King George would hold a privy council at which it was expected that the king would sign a proclamation prohibiting the transportation of foodstuffs to Germany and setting forth the various retaliatory methods adopted against Germany because of its threatened blockade.

After Sir Edward Grey had presented to the cabinet the proposition of compromise made by Germany the members were informed by Winston Spencer Churchill, head of the admiralty, of the plans that had been made to retaliate against Germany. These are understood to include a blockade of the German coast.

Time for Bargaining Has Passed.

The Westminster Gazette, which voices the opinion of the cabinet, announces that the time for bargaining has passed.

"Germany must understand that we are not going to be driven from the legitimate strokes of war by threats to commit piracy and murder unless we submit to her views," says an officially inspired editorial in the government organ. "Her actions in this respect is a threat not only to us, but to all neutral powers."

"There is nothing in the war comparable with her calm intimation to those that they must look out for their own safety when she chooses to discharge a torpedo."

"That is one of the issues that must finally be cleared up. There is no more room for bluffing or bargaining."

Announcement was made that Premier Asquith will be asked in parliament whether the government will consider the establishment of a joint prize court consisting of representatives of Britain and the United States with a view of avoiding a recurrence of the dispute between the two countries in connection with neutral trade

America Likely to Oppose.

Washington, Feb. 17.—The new document soon to be promulgated by Great Britain making foodstuffs absolute contraband is expected to be opposed by the United States. There is evidence that the state department will oppose any pronouncement which eliminates entirely conditional contraband from neutral ships in time of war.

The representations made to Great Britain in the Wilhelmina case will bring this issue to a focus. It is understood in Washington that Great Britain will seize the cargo of the Wilhelmina on account of the German war zone declaration, and will at the same time issue a statement of her policy practically instituting a blockade of the entire German coast.

It is now evident that Great Britain intends to keep all American foodstuffs out of Germany, and the American government is preparing to question the British right to keep such imports from the civilian population of the German empire.

Jockeying for Position.

Great Britain and Germany are jockeying for a strategic position in the diplomatic game that is to follow. Germany has offered to withdraw her war zone declaration if Great Britain will allow the Wilhelmina to reach a German port. Great Britain contends that the Wilhelmina's cargo has been made absolute contraband by the decree of the German government commanding all foodstuffs. Germany in reply has offered rigid guarantees that all imported foodstuffs will go only to non-combatants. Great Britain replies that even if this were true it merely releases other foodstuffs for the use of troops at the front.

The representations made to Great Britain in the Wilhelmina case will bring this issue to a focus. It is understood in Washington that Great Britain will seize the cargo of the Wilhelmina on account of the German war zone declaration, and will at the same time issue a statement of her policy practically instituting a blockade of the entire German coast.

It is now evident that Great Britain intends to keep all American foodstuffs out of Germany, and the American government is preparing to question the British right to keep such imports from the civilian population of the German empire.
